

Kaminski

July 25th

Mark and I wanted to let you know how much we enjoyed our reception and the wonderful job that Chad did!! He really made it all come together beautifully. EVERYONE has asked us who the company was and commented on how great of a job he did...he played the perfect music at the perfect times (really knows how to read a crowd!!). The dance floor was always packed and everyone had a terrific evening! Thank you so much for all of your help and for the program guide...it was a great help in planning the reception. Please forward this letter to Chad so that he knows how much he was appreciated. It was great having you there over the past year to help us along the way to a wonderful wedding.

Thanks a Million...Sara and Mark Kaminski

P.S. I will definitely be recommending your company to any future bride I come in contact with as well as writing a review on some wedding websites!!!!

Douglas

September 6th

We just wanted to send a note to tell you what a wonderful time everyone had at our wedding. It is

so great that you have a staff of DJs to choose from who can all work in any style you like. We were impressed with all of them, even though we chose Andy because he seemed to have the most fun. We have had so many wonderful compliments on the music and the DJ himself!

Michelle & Matt Douglas

Wedding Specialists

A-Sharp DJ *is there for you.*

■ At **A-Sharp DJ**, our mission is to deliver the bride and groom first-class entertainment guaranteeing a magical stress-free reception. For 30 years **A-Sharp DJ** has been there to fulfill this mission for hundreds of couples. We provide individual attention to your taste and concerns at the pre-wedding consultations. Then on your special day we come properly attired, carefully coordinating and performing the master of ceremonies duties. We politely host an elegant reception with non-stop dancing.

■ **A-Sharp DJ** has the reputation of the DJ service that listens to you. We are fully aware that this is your day, not ours. You have complete control over song choices and the activities at your reception. Are there certain group dances you hate, cross them off, they won't get played at all. But, should you want one of the latest line dances, you still choose whether we just play the song or use our wireless microphone and teach it from out on the dance floor. Not only do we encourage requests and dedications, but if you so desire, we can also pass out inflatable props, air guitars, etc. to motivate your guests. Seeing that the music can make or break a party, **A-Sharp DJs** are skilled at getting fully involved without drawing all the attention to ourselves.

■ **A-Sharp DJ** is a family-owned, entertainment service; prepared to research any questions or details you might have. We have custom designed and built our own remote-control CD-quality sound equipment, allowing your **A-Sharp DJ** the flexibility to start or stop songs from out on the dance floor. We set up early, arriving over half-an-hour before your party begins. We are fully-insured and always bring backup equipment that doubles as an additional system for an on-site ceremony or a separate cocktail hour area.

■ During the 1990s, **A-Sharp DJ's** owner Chad E. Valk, worked with media companies Times Mirror and Cox Communications. He spends his time offering you unique and exciting choices for your reception. As **A-Sharp DJ** clients, you receive carefully laid out, yet flexible, questionnaires. Extensive song lists date back as far as the 1940's. Lists can either be printed or available on a computer disk, and include a CD-ROM library of song samples for your computer. Go online at the **A-Sharp DJ** Resource Center and download our extensive Wedding Planner software. See live videos from past weddings -- all at www.asharpdj.com

■ For three decades now, an energetic and polished **A-Sharp DJ** has been there for many happy Connecticut couples; we're anxious to be there for you.
